

Hopkinsville, Kentucky.

CHAS. M. NEACHAM, Editor.

TUESDAY, APRIL 9, 1890.

HOPKINSVILLE, KENTUCKY.

A live and growing city of 8,000 inhabitants, situated in a county of 40,000. The Louisville and Nashville has two lines of railroad in the county and the people have recently voted aid to new roads. Largest tobacco growing county in the world. Wheat, corn, hay, coal, live stock and fruits produced in large quantities. The city has four banks with an aggregate capital of \$1,000,000. A planing mill and wagon factory, three carriage factories, line factory, tobacco manufactory, two foundries, three brick yards, broom factory, steam laundry, ice factory, two large flouring mills in the city and several in the county, splendid driving park and fine opera house. Five turnpike centers in Hopkinsville, building and loan association, Commercial Club, a telephone exchange, numbered streets and houses and city lighted by gas. Manufactured streets and brick sidewalks all over the city. Eleven churches, two colleges, a high school and the finest system of public schools, white and colored, in the State. Western Kentucky Lumber Association with a population of 800, two miles east of the city. A \$100,000 court house with town clock in the dome. A fine fire department and a company of State Guards. Little River furnishes an adequate supply of water for all purposes. Heat, coal and rents cheap. Fine opening for fine opera mill, pork packing establishment, fruit canner, sawyard and many other enterprises. Climate mild and invigorating and exceedingly healthful.

The Tennessee Legislature adjourned yesterday.

The Samoan Conference will sail for Europe on the Umbria April 13th.

The Pomroy Medicine Co. will move its plant from Wallonia to Paducah and increase its capital stock to \$50,000, which has already been made up.

That excellent paper, the Henderson Journal, will begin the publication of a daily edition to-day. Henderson already has one very creditable daily.

Booth's doctors say he is a victim of excessive smoking and have cut off his cigars entirely. It is expected he will be able to resume work in a week or two.

Ex-Minister Charles W. Buck has returned from Peru and will soon be back in Kentucky. Notwithstanding his obscurity when appointed, he made a very creditable representative abroad.

In McLean county two precincts voted for and three against a tax to aid the Henderson State Line railroad. The amount voted was \$17,000. Ohio county will vote on a \$64,500 proposition on the 24th.

April 30, the centennial anniversary of President Washington's inauguration, has been recommended by the President as a day of national thanksgiving. Mr. Halstead will not be likely to observe the day with the rest of the Republicans.

A special says the residence of Gen. Frank Wolford, late candidate for Congress against Finley, was destroyed by fire at Columbia Thursday at noon. The loss was about \$2,500. Insurance \$1,500. This is the second time Gen. Wolford has been visited by the fire fiend.

President Harrison has brouched Pearson, the mugwump whose re-appointment caused Cleveland to lose New York, and has appointed Cornelius Van Cott as postmaster at New York City. Joel B. Ehrhardt, late candidate for mayor, was also rewarded with the Collectorship of Customs at the New York port.

The Court of Appeals has adjourned until next Tuesday. The bond case from this county is now ready and an effort will be made to have it advanced and submitted as soon as the Court re-assembles. The best legal talent in Western Kentucky concurs in the opinion that Judge Grace's decision will be promptly reversed.

Judge Grace has decided that the election in Hopkinsville, whereby two railroad propositions were voted on the same day, was illegal, and has granted an injunction restraining the issuance of the bonds to the Ohio Valley Company. The difference between the election at Hopkinsville and the recent one here, where two railroad propositions were carried at the same election, was that in the former case both propositions were voted as a unit, while in the latter voters were given the option of voting for or against either or both. The question was sprung before the election and an exhaustive examination of the subject by some of the best legal talent of the state showed nothing wrong in such an election. There need be no perturbation on this account. The P. & T. at least will be built and when completed will get her bonds—Paducah Standard.

The two Christian county propositions were not voted upon as a unit. One of them was submitted by the County Court in session and a few days later the County Judge called an election for the other, as provided in its charter, and fixed the time for the same day already fixed for the first. The two propositions were separate and distinct and were so voted upon as in your case. The majority for the Cairo & Tennessee River road was 348 and for the Ohio Valley 360. It has since developed that the C. & T. R., which was advertised only 21 days, required 30 instead of 30 as was supposed and the submission was therefore illegal, and only one proposition was voted upon in accordance with legal requirements. This is one of the points that goes to the Court of Appeals.

The Tennessee Legislature passed a bill adopting for Nashville, Memphis, Chattanooga and Knoxville the Australian system of balloting in elections. It practically disfranchises those voters who cannot read the tickets. The names of all candidates are required to be printed on the same ticket and the voter must go into a room alone and mark the names of those for whom he desires to vote.

Oklahoma is one of the finest sections of the great West, but it will be a risky business, to take up land there on the 22nd. The boomers and would-be settlers are already fighting and killing each other over the territory to be taken up. Those wanting farms there would fare better to buy them after the claims are established and titles made clear.

About \$130,000,000 of the government's bonds have been purchased so far at premiums aggregating \$20,000,000. The present administration has stopped buying the bonds at the figures heretofore given.

Savannah, Ga., was visited by a fire Saturday night which destroyed several of the finest blocks in the city. The losses will aggregate \$750,000; insurance \$500,000.

Wilfred Wolford was elected President of the Mormon church Sunday to succeed John Taylor.

NO FLIES ON THESE.

A dispatch from Topeka, Kas., says: The members of the State Board of Railroad Assessors, just returned from a trip through Oklahoma, report army officers as saying that thousands of boomers are still concealed in the brush, and that if the whole United States army was there it could not drive them out. Names are taken, but ninety cut of one hundred are fictitious. Capt. Woods and Lieut. Carson are in receipt of telegrams daily to hire horses, have them saddled and bridled and in waiting on the arrival of trains at Oklahoma City, April 22, at noon. The object is to mount at once, and by fleet steeds distance rival boomers on foot and capture choice claims. A party of four horsemen with a balloon are camped near Antelope Hills. They will make an ascent in the morning, drift in mid-air till noon, and then descend hours in advance of teams and speedy horses. State officials anticipate trouble and say the country will be an Eldorado for good land office lawyers. The excitement is increasing daily and all Southern Kansas is ablaze.

OUR NEIGHBORS.

Mr. Geo. A. Terry took his departure last Saturday for Owensboro, where he will likely accept a commercial position.—Telephone.

Dr. E. B. Edwards has received the appointment as post-master for Elkton and will take charge of the office in about thirty days.—Elkton Progress.

A Paducah Journal, announces the approaching marriage of L. V. Gaines, of this city, to Miss Carney Grundy, of Paducah. This interesting event will, as reported, take place about the 15th.—Clarksville Chronicle.

The trial of Thomasson, charged with selling whisky in violation of the prohibition law of the county, was concluded Monday by a verdict of guilty. The law fixes the punishment at \$300 fine and 90 days in jail.—Princeton Banner.

Services are held twice a day at the Baptist church, at 3 in the afternoon and at 7 in the evening. Dr. Barrow came on Monday and has been assisting with able discourses since. Good audiences have attended so far, and a good result is anticipated.—Muhlenberg Echo.

A protracted meeting will commence at the Baptist church next Sunday. The pastor, Dr. Sears, will be assisted by Rev. J. G. Bow, of Russellville. Mr. Bow, is an earnest and successful minister, and has done great good at Russellville. His sermons are interesting and filled with logic and founded on the gospel.—Clarksville Progress.

Rev. E. N. Dicken, of the Baptist Church, baptized the following persons by immersion last Sunday afternoon: E. B. Lindsey, Tommy Baker, Willie Schuetz, Preston and Percy White, Samuel McNichols, E. N. Neblett, Neely Mills, John Pickford and son, Roger, and Misses Nellie White, Nannie Pursley, Bettie Wharton, Mae Malone, Mrs. J. P. Watson, and daughter Nellie. The meeting continues with interest. Several others have made a profession of religion, and will be baptized soon.—Telephone.

Deafness Can't be Cured.

By local application, as they can not reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that we can not cure by taking Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

In and about the Cemetery.

Chief Campbell placed himself on duty Sunday afternoon. Several handsome monuments have been erected since last fall. Why not have a policeman on duty in the city of the dead on Sunday?

Where is the monument that was to be erected over the grave of Gen. Jackson?

The strollers were quite numerous, and highly enjoyed their walk about the grounds Sunday.

The steps have been removed from the north, south and east sides of the cemetery. Five dollars fine for climbing over.

Mr. C. M. Latham has purchased a lot on the hill, we understand, and will make it one of the most attractive in that immediate locality.

Flower-pulling is a violation of an ordinance of the city, and is punishable by fine, but the notices have been almost obliterated by time and weather.

Owing to the want of rain the grass in the cemetery is growing very slowly and transplanted flowers require the closest attention to keep them from dying. It is highly probable that the Council will, at an early day, either bore a well in the cemetery and put up a wind-mill, or get a water supply from one of the springs along the river. Doubtless a handsome fountain will also soon be erected. No improvement could be made which would add more to the general appearance of the cemetery and at the same time supply a long-felt want. We would suggest the Confederate Monument lot would be the best place for the location of the fountain.

The cemetery ticket system, which is in vogue in most cities, is in great favor with our citizens—especially the lot owners—and is probably the best plan that could be adopted for the complete breaking up of the vandalism which prevails during about nine months of the year. Many ladies have planted expensive flowers over the graves of loved ones and gone there the next day to find the flower ghoul had been there before them and uprooted the flowers and transplanted them elsewhere. Their feelings can be better imagined than described, but, on behalf of the ladies, not to mention the dead, we say this thing should be stopped—in some way.

The cemetery may be a fit resting-place for lovers; is a place of interest to visitors; is a source of considerable expense to the city, but should not be a rendezvous for women of doubtful virtue to meet men no better than themselves. In the name of decency, let the Council bring about a reformation.

City Court News.

Elbert Cobb, drunkenness, fined \$5 and costs.
Belle Jarrett, col., breach of the peace, acquitted.
Geo. Williams, col., breach of the peace, acquitted.

Willie Jackson and Robt. Jackson disturbing Tolliver Chappell while at prayer, by throwing rocks on his house, acquitted upon evidence that Tolliver finished his prayer.

Grand Thompson, col., maliciously cutting Jim Broadus some weeks ago. Trial to-day at 1 o'clock.

STATE INDUSTRY.

F. N. Calvert is building a saw mill, planing mill and flouring mill near Owensboro.

Montague & McCormick have just completed the building of a saw mill and planing mill near Owensboro in Bath county.

The Falls City Malleable Iron and Steel Company of Louisville have appropriated \$50,000 for the building of their new edged-tool factory on Eighth street where natural gas will be utilized in their annealing ovens. Rigglesberger's furniture factory building, in Paducah, will commence the erection of a large factory next week. This company will also build and operate a saw mill employing about fifty men.

The California Fig Syrup Company will build a new manufactory six stories in height at the corner of Fifth and Walnut streets, Louisville, at a cost of \$50,000. The enlargement is considered necessary by the development of the business.

A company has been organized and lands leased near Hartford, in Ohio county, for the purpose of prospecting for oil and natural gas. It is believed that both exist in quantities in that section and no expense will be spared to reach them.

The Courier-Journal Job Printing Company will erect a five story publishing house in Louisville this summer at a cost of over \$100,000. They will very considerably enlarge their already vast facilities and will probably take up art and literary publications upon a large scale.

The large tobacco factory of Scott & Smith, located at Dyersburg, Tenn., has been removed to Paducah, Ky., where a handsome brick and stone building is nearly completed for its occupation. The concerns employs about 100 hands and is backed by ample capital.

The mines of fine iron ore in Bath county, in what is known as the Ideer region, are being extensively worked by different parties there, and more than a hundred men are employed in hauling the ore to the Kentucky Central railroad for shipment to furnaces in Ohio.

Do what you can when you cannot do what you would. Warner's Log Cabin PLASTERS will immediately relieve the pain in your back, then look for the cause of it. Try it.

A company has been organized at Frankfort with \$50,000 of capital to manufacture and sell boots and shoes. The backbone of the company is the Mason-Hodge Company which has for a number of years controlled the convict leases of this State and Tennessee. The company proposes to begin operations at once and will employ a large number of skilled workmen to make up the rough material prepared by convicts in the Kentucky penitentiary.

The Kentucky Wesleyan College which is to be erected at Winchester will be a very fine one. The Commercial Club at that point has undertaken to raise \$100,000 in addition to the \$100,000 already subscribed and enlarge the plans already accepted. Winchester is building up with remarkable energy and there are, perhaps, more fine buildings in progress of construction now than in any other town in the State outside of Louisville.

CROFTON.

CROFTON, Ky., Apr. 7.—The municipal election of our town for Trustees yesterday, resulted in the re-election of the old board, by a handsome majority over their opponents. Said Board is composed of J. M. Pool, V. C. Clark, Dr. J. W. Mull, A. B. Croft and C. M. Gray.

The Graddy Sisters gave an entertainment at Bowling's Hall last night to a fair audience.

John H. Myers, who has been confined for two weeks of fever is able to be out again.

W. H. Duffin, who has been ill for several days, is now convalescent.

Misses Jennie Dulin and Lulu Rice went to White Plains Friday to visit the latter's father, Mr. Field Rice.

Miss Minnie Lovell, of Greenville, Ky., who has been visiting Mr. Ephraim Lovell of this place for several weeks, returned home to-day and some of our young men are sighing for her return.

Joe Goldweather, of Empire, Ky., brakeman on train 58, yesterday got his thumb on the right hand mangled while coupling at Guthrie.

Mr. C. E. Mann, of Slaughter, Ky. and Mrs. Annie Jamison of this place were married at Slaughter, Thursday, April 4th. We wish for them a long and peaceful life of happiness.

FOR DYSPEPSIA

Use Ayer's Iron Bitters. Physicians recommend it. All dealers keep it. \$1.00 per bottle. Genuine has trade-mark and crossed lines on wrapper.

High-Pressure

Living characters these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis, and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches, and vitalizes the blood, and thus strengthens every function and faculty of the body. "I have used Ayer's Sarsaparilla, in my family, for years. I have found it invaluable as a tonic."

A Cure

For Nervous Debility caused by an inactive liver and a low state of the blood.—Henry Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. I have only used this medicine six months, but it has relieved me from my trouble, and enabled me to resume work."—J. P. Carment, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alternative and blood-purifier as Ayer's Sarsaparilla."—Dr. M. Maxstarr, Louisville, Ky.

Ayer's Sarsaparilla,

PREPARED BY Dr. C. C. Ayer & Co., Lowell, Mass. Price 25c; six bottles, \$1.50. Worth 50c a bottle.

WOMEN. For "run-down," debilitated and overworked women, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is a potent specific for all those Chronic Weaknesses and Disorders peculiar to Women, such as General Debility, Nervous Prostration, Headache, Indigestion, Blotting, weak back, nervous prostration, debility and despondency, in either case, it is carefully compounded by an experienced physician, and adapted to woman's delicate organization. Purely vegetable and perfectly harmless in any season of the year.

WARRANTED. "Favorite Prescription" is the only medicine for women, sold by druggists, that gives satisfaction in every case, or price \$1.00 refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

For large, illustrated Catalogue on Diseases of Women (100 pages, with full directions for home-treatment, and ten cents in stamps. Address: WOMAN'S DISPENSARY MEDICAL ASSOCIATION, 603 Main Street, Buffalo, N. Y.
